Introduction to the New Hostel Residents We'd like to introduce eight new students who've recently joined our hostel community. Hailing from Manipur, one of the seven states in North East India, they've been affected by the ongoing ethnic violence in their region.

Their Story due to the tragic circumstances, their families have been forced to seek refuge in camps, having lost their homes, schools, and properties. To ensure their safety, security, and access to education, we've welcomed these children into our hostel.

Our Support During school holidays, they reside with the sisters in the hostel, as they have nowhere else to go. Thanks to generous contributions from supporters like Talita Cum, we're able to provide these children with the care and support they need.
